A new comment has been submitted at [socotransmission.com](http://socotransmission.com).

### COMMENT

Meeting Attended:

I was not able to attend a meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Water Resources (Floodplains, River Crossings), Radio or Television Interference, Noise, Health and Safety, Project Purpose and Need, Biological Resources, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Agriculture, Residential

Comment:

The residents of East Hatchet Ranch see the 230 kV line corridor just east of the railroad tracks as the best choice for this project. It appears to be the best way to accomplish the project goals while having the least impact on the residences in the area. Please consider this option with the highest priority.

## I-161-001: Route Refinement > Calumet-Comanche (In Review)

Your email/letter/comment form has been received and your comment noted. Route refinement for the proposed project and mitigation measures will be addressed in the Environmental Impact Statement. The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
